

LINDA WANG

SENIOR CONSULTANT

“Business becomes an Employer of Choice by making their culture & brand central components of their talent strategy. When people thrive, businesses thrive. I fulfill my purpose when I identify talent, skills and opportunities that help achieve and advance organizational goals. Specially championing and driving a diverse global high-performing workforce to succeed in our evolving business environments.”

Linda Wang, a certified Human Resources Leader (CHRL), is a Senior Consultant within Arlington Partners International, a values-based company with purpose dedicated to helping organizations and leaders at key and transformational times in their career journey. The team at Arlington Partners has decades of combined executive search, coaching, leadership development, senior executive and board advisory experience, a broad and diverse business expertise and have held senior executive and board leadership positions within international leading organizations.

Linda supports clients across multiple sectors and manages Arlington’s global Energy, Resources and Infrastructure practices, along with Arlington’s Managing Director, Alex Teijeira. Linda advises and supports organizations and high-profile leaders by designing and developing their talent strategy.

Linda holds an MBA from Anglia Ruskin University, United Kingdom. Linda is trilingual (English, Mandarin and Cantonese) and a Six Sigma Green Belt. She is an International strategic Human Resources leader and business partner with cross country/culture working in Asia, Europe and North America and has proven ability in Strategy Development and Implementation, Total Rewards, Talent Management, Leadership Development, Team Effectiveness & Performance Management and Digitalization Implementation.

Linda has strong business insights combined with a strategic and proactive consultative approach. She has diverse HR leadership with successful impact in global publicly listed organizations including Global Mining, Energy Oil & Gas, Manufacturing and Tech with well-rounded knowledge and HR project management in developing as well as executing HR roadmap that drive business strategy.

Linda contributes to leading the following the following global Executive Search practice areas for Arlington:

- Energy
- Resources
- Infrastructure
